

Thank you for agreeing to send us your details so we can build your profile or refresh an existing profile!

Depending on how much information you supply us it can take between 1 - 8 hours to create a profile. We also do update when you send us additional info, or when we become aware of an update through another means.

We want to document as much of female martial arts history as possible, current and retired athletes alike will inspire future generations. Our website is fully comprehensive, which understandably means this questionnaire is long. Feel free to skip any questions, but keep in mind the more you give us the better the profile will look and the more accurate a portrayal of you it will be.

Age

Date of Birth

- I want to hide my age
- I want to hide my date of birth
- I want to hide both (not recommended)
- I DO NOT want to hide my age and date of birth

Even if you don't want your date of birth displayed, it's important for us to have it on file. The reason is because an athlete's age is re-calculated automatically each year. This allows us to show the correct age. Without a date of birth we are unable to list the age.

Personal life and miscellaneous info

Occupation? *Do you have a job that you want to tell us about?*

Are you a mother? • Yes • No

If so, feel free to tell us their name/s, and the year in which they were born (do not give us their full date of birth for privacy reasons). We feel this information helps inspire other women/mothers.

Question about your martial arts history **Do not skip this question, trust us, it makes all the difference!**

A brief written piece about yourself in your own words, we copy / paste this onto your profile. A typical answer would be about when you first started martial arts and why (including a year, or the age you were). Or, what you love about martial arts, what inspires you, etc. We find that something between 2 and 7 lines looks nicest on a profile. Here are two examples of great answers;

"I first started training martial arts with Muay Thai at the age of 24 in 2008. I'd never done any kind of contact sport before and didn't know anything about Muay Thai. My husband introduced me to Muay Thai through the movie Ong Bak and I was so impressed (and would soon be obsessed) with the movements that I knew I wanted to try it. Once I began learning from Master K, I knew my love for Muay Thai was for life."

"I began training in Sambo in November of 2009 to become a better role model for my children. I had never done anything athletic in my life and quickly became addicted to seeing just how far I could take my MMA pursuit. Soon after I began my goal to reach out to as many people as possible to show them that anything is possible with the right effort and mindset."

Additional Info *Once you have completed the questionnaire, have we missed anything of interest, please add it here*
